

# ***CUPE 391*** Bargaining Update

Dear members,

As you may have already heard, Local 15 representing the city's inside workers have reached a [tentative agreement](#) with the City of Vancouver.

We see this as progress towards reaching our own agreement and look forward to meeting with the employer again on May 31st.

Thank you for your ongoing commitment to each other and the local; please stay tuned for more updates from your Bargaining Committee.

your Bargaining Committee:**
